

US Fuel Cell Council

US Fuel Cell Council

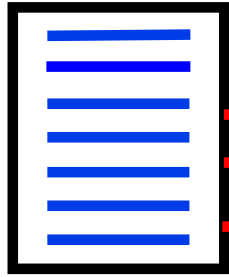

**The Only Broad-Based Industry
Organization Dedicated to Fostering
the Commercialization of Fuel Cells
in the United States.**

US Fuel Cell Council

Programs Managed by Working Groups and Task Forces

Codes and Standards
Education and Outreach
Transportation
Power Generation

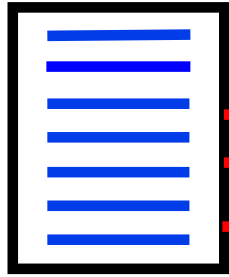

US Fuel Cell Council

Codes & Standards

Standards Setting
(IEEE, UL, ASME, NFPA, etc.)

Advice to States

Consensus Building on
Interconnection

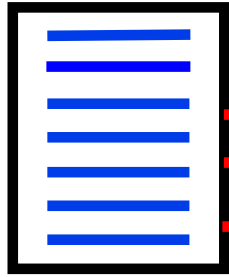

US Fuel Cell Council

Transportation

SAE Fuel Cell Vehicle Standards

Transportation Glossary and
Terms Documentation

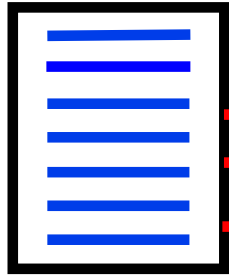

US Fuel Cell Council

Education & Outreach

Outreach to Industry, Educators,
Students, Architects, Planners,
Code Officials

US Fuel Cell Council

Power Generation

Evaluate Potential Markets
& Applications

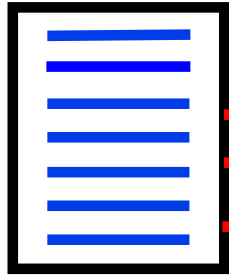

Technology Briefings

US Fuel Cell Council

Members (Partial List)

3M	Energy Partners	Nissan Research & Development
Abacus Controls Inc.	Epyx Corp.	Plug Power
Allied Signal	Ford Motor Company	Renewable Fuels Association
American Methanol Inst.	Fuel Cell Energy	Siemens Westinghouse
Avista Labs	H-Power	Solid Oxide Fuel Cell Commercialization Association
Ballard Generation Systems	Hydrogen Burner Technology	W.L. Gore
Conti Enterprises	Hydrogenics Corp.	World Fuel Cell Council
DaimlerChrysler	International Fuel Cells/ONSI	
Delphi Automotive	M-C Power	
DuPont Fluoroproducts	National Fuel Cell Research Center	
Elf Atochem		

US Fuel Cell Council

**U.S. Fuel Cell Council
1625 K Street NW, #725
